## FLEET OFF FORMOSA

VLADIVOSTOK VESSELS SAID TO BE FAR TO THE SOUTHWEST OF YOKOHAMA.

### COLLIERS AWAIT WARSHIPS

FUTURE DESTINATION OF RAIDING RUSSIAN SQUADRON IS UNKNOWN.

Vladivostok, July 27.—Private reports received from Shanghai say that the Vladivostok squadron has been seen east of the island of Formosa, 400 miles south of Shanghai and about 1,350 miles southwest of Yokohama.

It is understood that colliers are awaiting the cruisers there. The further destination of the squadron is not known. The squadron held up many ships during its cruise.

It is stated that Viceroy Alexieff is coming here.

Everything is quiet in Vladivostok. There have been fogs for several days. There are no signs of the Japanese.

St. Petersburg, July 27.—It is thought here that the report of the Vladivostok cruisers being off Formosa is a blind.

### SENDS LONG MESSAGE

GENERAL KUROPATKIN TELLS OF RUSSIAN RESISTANCE TO JAP ADVANCE.

St. Petersburg, July 27.—General Kuropatkin, under date of July 25, sent to the emperor a lengthy message detailing the fighting on July 23 north of Kichou. He says that at 5 a. m. on July 23, the Japanese, two divisions strong, assumed the offensive. Along the line of outposts to the south the Japanese developed a division of infantry, concentrating the main body towards Datchapu, twelve miles north of Kaichou, and keeping the cavalry on the Russian left flank near the railroad. The Japanese advance was effected slowly and at intervals was accompanied by a heavy fire from thirty guns which the Russian rearguard batteries successfully answered. The Japanese fire at first was directed at the heights, which gradually were evacuated by the Russian outposts and occupied by the Japanese. The Russian losses, while not definitely known, are said to have been slight.

Owing to the extreme heat there were a number of cases of sunstroke among the Russians. At nightfall the advanced Russian posts reoccupied Tanchi, to the southeast. The night passed quietly. At 5 a. m. July 24, an exchange of shots began between outposts in the vicinity of Tanchi.

On July 21 the Japanese occupied a height facing Phkan pass, but were driven out by a Russian force.

Turned 22 Russian Colonels.

On July 22 Lieutenant Colonel Dementieff occupied the southern slope of the hill. That afternoon the Japanese attacked and turned the Russian left wing. Then they began to turn the right, and despite reinforcements were sent Dementieff, the Japanese turned both the Russian flanks, and drove the Russians back with a terrible rifle fire. The fighting ceased at 7 p. m. July 22, when the Japanese occupied Phkan pass.

The Russian casualties in wounded were Captain Minime and forty-nine men. The number of killed is not yet known. On July 23 all was quiet in that direction.

On the Saimatza-Mukden road the Japanese July 22 took the offensive in considerable force toward Saimatza and Slassyra. On July 24 the Japanese resumed activity on the south front and after the outposts near Tanchi. For the next twelve hours the Japanese maintained a heavy and interrupted artillery fire. This artillery duel went in the Russians' favor, the Japanese batteries operating against the villages of Tiantziatung and Sautziatze being reduced to silence by 4 p. m.

Simultaneously with the artillery cannonade the Japanese made a vigorous attack in the direction of Dafangcheng, with the object of breaking up the center of the Russian position. All attacks were repelled and the Russians retained all their positions. The battle ended at 9:30 a. m. Details of the fighting and of the extent of the Russian losses are not available.

The Russian troops retired to the north without being molested by the Japanese.

### CONDITIONS ARE DEPLORABLE.

Russian Troops at Mukden Badly Supplied.

London, July 27.—Special dispatches from the far East printed in this morning's London newspapers confirm the news of the Japanese occupation of Newchwang, but do not give any further details of the fighting.

According to the Tientsin correspondent of the Standard a foreigner who has arrived there from Mukden

describes the conditions existing in the Russian camp as deplorable. The troops, he says, are badly supplied with provisions and the officers are including in pleasurable pursuits.

The St. Petersburg correspondent of the Daily Mail learns that twelve torpedo boats intended for Vladivostok were among the war materials sent by rail from St. Petersburg during the past week, as well as secret freight, probably consisting of submarine vessels. He hears that forty torpedo boats will be sent by this avenue of transportation to Vladivostok.

### MAY RETIRE TO MUKDEN.

General Kuropatkin May Be Compelled to Retreat.

St. Petersburg, July 27.—General Kuropatkin's telegram recording the withdrawal of the Southern army from Tachekiao to Haicheng fails to give details of the continuous rear guard action preceding the retreat, but the war office thinks the losses were several hundred, which would indicate pretty severe fighting.

General Kuropatkin does not mention the number of troops engaged, but the presence of Generals Zarobai and Stakelberg, both corps commanders, shows that the total must have been large, though it is certainly far inferior to the combined forces of Generals Oku and Nodzu.

The preceding determined attack on Tanchi, ten miles southeast of Tachekiao, probably rendered the evacuation of the latter place imperative, although the war office has predicted all along that no determined resistance would be made at Tachekiao. In anticipation of a retirement from Tachekiao orders were sent July 25 to the Russian garrison at Yinkow to withdraw.

Although military men do not seem to be alarmed at the situation, pointing out that the withdrawal of the Southern army from Tachekiao tends to concentrate Kuropatkin's forces, thus giving him a smaller front to defend, considerable nervousness is manifested here by those not in the secrets of the Russian commander-in-chief, especially as General Kuropatkin himself points out the danger threatening his line of communications to the north owing to the development of the Japanese advance from Saimatza toward Mukden.

If this column be pushed home and the Japanese cordon should at the same time tighten from the south and east, General Kuropatkin's danger would be easily conceivable and consequently there is already talk of his preparing to meet this danger by withdrawing to Mukden and there awaiting further reinforcements.

## TAGGART IS SELECTED

INDIANA MAN CHOSEN CHAIRMAN OF DEMOCRATIC NATIONAL COMMITTEE.

### FOUGHT UP TO LAST MOMENT

OPPOSITION DID ITS BEST TO BRING SENATOR GORMAN INTO THE FIELD.

New York, July 27.—Expectations were fulfilled Tuesday when Thomas Taggart of Indiana was elected chairman of the Democratic national committee. Endorsed by nearly every member of the committee, the day after the convention adjourned at St. Louis, it has been known ever since that only the decree of Judge Parker in favor of some other man or the consent of Senator Gorman to accept the place, could prevent the nomination of Mr. Taggart. Neither of these contingencies arose and the Indiana man was unanimously chosen to a place for which he long has had aspirations.

Although the vote was unanimous, it was not until after it was actually in progress that opposition to Mr. Taggart's selection was withdrawn. Beginning with the return of Senator Gorman, former Senator Hill, former Senator Jones and other Democratic leaders from Esopus Monday evening, and lasting up to the moment when the committee was called to order Tuesday the strongest possible effort was made to bring Senator Gorman into the field or to arrange a combination that would place someone besides Taggart at the head of the committee.

Almost continuous conferences were held, intimations of great financial advantages to the party were made, and many expedients were suggested, even to delaying the election until after the committee's visit to Judge Parker today, in order to defeat Taggart. But nothing could change the determination of his friends to force an election Tuesday and to compel a show of strength. Failing to secure the necessary conditions to defeat Taggart, the opposition yielded and

the proceedings of the committee were brief and harmonious.

Slight Contests for Other Offices. The contest for the other offices created only a slight diversion and differences regarding them, which have been somewhat spirited for a few days past, were easily adjusted.

Urey Woodson of Kentucky was elected secretary of the committee by a vote of 35 to 12 for C. A. Walsh of Iowa, the selection subsequently being made unanimous. Edwin Sefton of the District of Columbia was made assistant secretary. John I. Martin of Missouri was elected sergeant-at-arms and Samuel Donelson of Tennessee assistant sergeant-at-arms.

M. F. Tarpey of California was temporary chairman and Henry Leyman temporary secretary.

The most important action of the committee, aside from the selection of a chairman, was that of arranging for a committee or committees to manage the campaign. A proposition submitted by William F. Sheehan, slightly modified upon the suggestion of Senator Bailey, was adopted.

Under the resolution Chairman Taggart will select campaign managers. It is taken for granted that he will be the chairman of the executive committee as that custom is always followed.

The selection of a treasurer for the committee was left to the executive committee. This means that August Belmont has not been persuaded to accept the position.

Chairman Taggart and all the other members of the committee will visit Judge Parker at Esopus today. After a short visit to Indiana, Chairman Taggart will announce committees, established headquarters and enter upon active campaign work.

### TURKEY WANTS GUARANTEES.

Porte Worried Over Russian Volunteer Fleet Incidents.

Paris, July 27.—A dispatch to the Temps from Constantinople says Turkey's neutrality being compromised by the Smolensk and St. Petersburg incidents, the porte is deliberating on what guarantees it will ask from Russia on the occasion of the next passage of the Dardanelles by ships of the volunteer fleet.

### GENERAL SAMSONOFF SHOT.

Russian General Said to Have Been Wounded at Tachekiao.

St. Petersburg, July 27.—A rumor is current here that General Samsonoff was severely wounded during the fighting at Tachekiao.

## THE GREATEST Fire - Sale

Of Brainerd is Now On

The Fire is out. Out goes every stitch of the remaining lines of our entire stock. No matter what the loss, we are determined to clean out everything left. In a nutshell this gives you the reason for this tremendous sacrifice sale.

Prices are cut to a point where buying is irresistible. Thrifty people buy for next season's use, if they have no need for dry goods now.

No event of a like nature ever offered up such "plums" in Brainerd. The stock embraces all our regular lines of dry goods, furnishings, etc., and an assurance of "rightness" in every particular.

Space will not permit us to enumerate the many goods and prices we have to offer, but we ask you to come and see what REAL BARGAINS ARE, and we feel that they will certainly attract you to buy. This is a money saving opportunity not to be found every day. The time is right now.

## CABINET IS IN ACCORD

GREAT BRITAIN TO TAKE ENERGETIC ACTION IN KNIGHT COMMANDER CASE.

London, July 27.—The British government is taking energetic action in the case of the sinking of the British steamship Knight Commander by the Vladivostok squadron. All information received by the government tends to establish in the official mind a belief that an outrage has been committed for which no excuse exists in international law. Those aware of the feelings of the ministry say that all the members of the cabinet are in accord regarding the principle of the inviolability of innocent neutral shipping, as well as upon the principle that a neutral ship cannot be destroyed even if carrying contraband of war.

The demands which will be made upon the Russian government will include compensation to the owners of the ship and to the owners of the goods on board the Knight Commander, an apology for the action of the Russian cruisers and an agreement that instructions be given which will prevent a repetition of such action.

British ship owners are up in arms over the dangers which shipping is now running and are bombarding the

government with representations looking to the thorough protection of their interests.

### JAPS OCCUPY NEWCHWANG.

Russians Who Refused to Follow Retreat Cut Off.

Paris, July 27.—The Japan correspondent of the Matin says the Japanese entered Newchwang at 5 o'clock Tuesday morning and hauled down the Russian commercial flag which had been substituted for the military standard on the residence of the governor. The Japanese standard was hoisted, the Chinese flag flying from the neighboring buildings and the custom houses.

The consular authorities had taken precaution to insure the safety of the European residents, who were armed. The Russians who refused to follow the retreat have been cut off. The Japanese cavalry, the correspondent says, were supplied with the most modern accoutrements and each man was furnished with a compass and field glasses.

Competent authorities had thought that a Japanese attack was out of the question, owing to the large Russian reinforcements arriving during the past two weeks. The dispatch in conclusion says that Japanese troops are still filling into Newchwang.

Prices for rigs for funerals at J. M. Gray's stable will be, single rig, \$1.00; double rig, \$2.00.

## TESTS OF THE INCAS

STRICT MILITARY TRAINING OF THE ANCIENT PERUVIANS.

Feats of Strength and Endurance That the Cadets Were Called Upon to Perform During Graduation Exercises Which Lasted a Month.

Long before Columbus discovered the western continent many interesting peoples lived here, having their peculiar customs and training their children carefully in the way they considered best calculated to make them brave and wise men.

Not only the red Indians of the north, but the people of Mexico and Peru, who had a certain sort of civilization of their own, trained their children carefully and made them pass through a series of trials which the American boy of today may be thankful he does not have to undergo.

Men of today in digging in the ruins of the splendid cities of the Peruvians have found almost a complete record of some of their educational systems.

In Peru the king of the country was called the Inca, and his eldest son, who was always brought up to succeed him, received a training especially elaborate and trying. The prince was sent to one of the big boarding schools where young noblemen were educated almost as soon as he could talk. There he was treated in all respects as if he were not the heir to the throne, but just a common, ordinary boy, who would some day have to work for a living.

The school at which the prince was educated was a military school, which, according to records, was the Peruvian West Point. There, although many other things were taught, the chief stress was laid upon the art of war.

All the prince's relatives, boys of about his own age and called the Inca nobles, were at the school with him and had their final examinations at the same time.

The literary part of their education was inquired into in private by the "wise men," which corresponded to the "academic board" of West Point, but these examinations were followed by public exercises.

The public exercises were conducted by a board consisting of the most prominent of the old Inca nobles, and it corresponded to the board of visitors appointed by the president each year to preside over the graduations at West Point. The graduating exercises at the royal Peruvian military academy lasted for a month.

The graduates were required to illustrate by drills what they knew of military tactics. Then they had to give exhibitions of boxing and wrestling. Running was also regarded as a necessary accomplishment, for the Peruvians had no horses, and the men who were destined to lead their armies had to prove that they could move swiftly on foot over long distances and not tire. Therefore long courses were laid out for the boys to run over, which taxed their endurance and strength to the utmost.

Then for several days together the boys were compelled to fast, being carefully examined during the time to see how they bore going without food, for the Inca said that a soldier and a gentleman should always be willing and able to go without food and not grumble when such abstinence was necessary.

The cadets were also matched against each other in mimic battles, in which, though the weapons were blunted, many were wounded and some killed.

When this sort of thing had gone on for a month those boys who had won the best marks in their examinations and had best stood the test of the public exercises were selected for graduation, while the others were dropped or turned back into the next class.

The king was always present at these graduating exercises and delivered an address to the graduates.

Garcilasso, a descendant of the Incas, has left us an account of these addresses from which we know that they were almost exact counterparts of the addresses delivered today by prominent men at high school graduations and college commencements. Other things change, but the graduation address seems to have been the same thing in all ages.

After the address something took place which does not happen at modern American graduating exercises. The king pierced the ears of each graduate with a golden bodkin, or large pin, which was allowed to remain there until the wounds healed, leaving a hole into which a round ornament was inserted.

The size of this ornament was gradually increased until in the case of the prince it was as large as an orange. Sandals were now bound on the feet of the boys, and they went barefoot no longer; also a sash was tied about their waists and crowns of flowers placed on their heads.

The prince was now allowed to put on his royal robes, and, though only sixteen, he was usually sent to command an army corps somewhere on the border, where the king almost always had a little war going on with the neighboring savages.—New York Press.

Preferred Jail.  
A convict in a New England prison who had been sentenced to a life term for murder in the second degree, having served a considerable number of years, was told that he would be released were he to pledge himself to go back to Italy, his native country, and never, never return to America. He declined the offer of freedom on the ground that he could earn so little money in the land of the ancient Romans that he would be hungry all the time at home, while in a Yankee prison he would get enough to eat at worst.

## WORKMEN WILL HAVE BIG CLASS

A Class of Forty-two will be Initiated Tomorrow Night by the Local Lodge

GRAND OFFICERS ARE EXPECTED

Initiatory Work will be Followed by a Banquet and Dance at Gardner Hall

Brainerd Lodge, No. 47, A. O. U. W., will have a big celebration tomorrow night at Elk hall when a class of forty-two candidates will be initiated. This is one of the largest classes since the organization of the lodge.

Grand Master Workman W. B. Anderson, of St. Paul, and Grand Recorder Chas. E. Larson, will be present.

After the initiatory work there will be a big banquet in Gardner hall to be followed by a dance and it is anticipated that there will be a good time.

All Workmen and their wives are invited to be present and also all members of the Degree of Honor.

The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

1st—The shortest line.

2nd—The most comfortable route.

3rd—Two fine through trains direct to the gates of the fair.

4th—A saving of about three hours in time.

5th—You avoid the crowds at the union depot and on the street cars.

6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

Napoleon's Prize Essay.

Napoleon I. gained a prize as a boy from the Academy of Lyons for the best paper in answer to the question, "What are the truths and principles that ought to be inculcated in men that they may enjoy happiness?" Fifty louis he received for his effort. He mentioned the matter with a little pride one day in the presence of Talleyrand. The latter paid no obvious heed at the time, but a few days later he called on the emperor and handed him the manuscript of his boyish essay. He had just obtained it from the academy at Lyons. "Have you read it?" asked Napoleon as he took the paper. "No, sire; I have just received it." Napoleon at once threw the paper on the fire. Talleyrand, naturally pained and hurt, flushed up, but Napoleon explained: "I did not wish to let any one see the paper. It was written when I was very young and might expose me to ridicule as emperor."

Nothing Said Regarding the Rumor of a Night Train on the M. & I. Ry.  
A special train in charge of Conductor Chet Atherton went north at an early hour this morning and on it were General Manager Gemmell of the M. & I., Assistant Superintendent Newman Kline of the N. P., Assistant General Passenger Agent A. B. Smith of the N. P., General Immigration Agent C. W. Mott of the N. P. and Supt. W. H. Strachn of the M. & I.  
It is understood the officials went over the line on a general inspection trip, although it was rumored that they have in mind the proposed new schedule on the road which would give the patrons a night train connecting with the 12 o'clock train here and getting into St. Paul the next morning. The Great Northern has put on such a train from the north country and it is figured that such a train would be a profitable change. The special will return some time tonight.

**A BEAUTIFUL JULY WEDDING**  
Dr. Saxe W. Mowers and Miss Maude Davis Married Last Night at 9 o'clock  
AT HOME OF BRIDE'S PARENTS  
Bridal Couple Left on an Extended Tour of the Larger Eastern Cities.  
The marriage of Dr. Saxe W. Mowers and Miss Maude Davis, youngest daughter of Mr. and Mrs. Walter Davis, occurred last night at 9 o'clock at the apartments of the bride's parents in the Davis building on Front street, and the affair was one of the most beautiful home weddings ever solemnized in Brainerd.  
On account of the prominence of this young couple in society and their wide acquaintance in the city the event was of more than casual interest.  
The home was most charmingly decorated for the occasion, pink and white being the prevailing colors. Sweet peas were the predominating flowers and these, with clusters of ferns here and there, were effective in giving tone to the pleasant surroundings. The color scheme was minutely carried out, even to the table in the refreshment hall.  
The marriage ceremony took place at the north end of the parlors on the second floor in the bay window beneath a perfect bower of ferns and sweet peas.  
As the notes of the processional rang out on the evening air Mrs. Cameron, of Staples, singing "Mary of Argyle," the bridal party moved slowly from the reception room at the south end of the building to the north parlor. Six young ladies, beautifully gowned preceded the bridal pair and strung the ribbons between which the party walked. These young ladies were Mrs. Daniel F. Carmichael, Miss Marion Barber, Minneapolis, Miss Corna Stickney, Miss Vera Nevers, Miss Winnifred Smith and Miss Eloise Smith. Immediately following the young ladies came Mrs. Walter Davis, mother of the bride, leaning on the arm of Major George Scott, in full uniform. Then came the groom and the officiating clergyman. They were followed by Miss Edna Stickney, the maid of honor, who looked beautiful in a gown made of pink and white flowered organdie over white silk. She was followed by the bride leaning on the arm of her father. Miss Davis was attired in a gown made of Valenciennes net lace trimmed with point venise over chiffon with taffeta silk linings. She carried a bouquet of bridal roses. A circle was formed at the window and the officiating clergyman, Rev. Richard Brown, read the simple service of the Congregational church. During the ceremony Miss Nellie Alderman played on the piano softly, "Hearts and Flowers."  
Following the wedding a reception was held and the guests pressed forward to extend congratulations. The bridal party was assisted in receiving by Mrs. J. N. Nevers and Mrs. F. W. Wieland.  
After the congratulations were received part of the guests were ushered into the dining hall on the first floor. Here too the color scheme, pink and white, was carried out. From the ceiling to the four corners of the large table pink satin ribbons were strung and they were fastened at each corner by a dainty pink bow. At the center of the table was a large candelabrum with pink and white tapers and at either side of this were two huge bowls of sweet peas.  
In the refreshment room the following ladies presided: Mrs. Henry I. Cohen, Mrs. F. E. Smith, Mrs. N. B. Chase and Mrs. Irma Hartley, assisted by the six young ladies of the bridal party.  
One very unique feature was the manner in which the bride's cake was cut. The bride herself with Major Scott's sword cut the cake and she did it gracefully too.  
The bride is one of Brainerd's most talented and charming young society ladies. She has lived in Brainerd most of her life, though she has traveled extensively. She is a musician of note and has always taken a prominent part in matters musical in the city.  
Dr. S. W. Mowers is assistant chief surgeon of the Northern Pacific Sanitarium in this city, which position he has filled with credit for many years. He is prominent in social and fraternal circles and is one of the most popular men in the northern part of the state.  
There were a large number of out of town guests including Mr. and Mrs. A. A. White and daughter, Miss Cecil, of St. Paul; Mrs. H. H. Barber and the Misses Barber, of Minneapolis; Mrs. Frank Otis, St. Paul; Mrs. A. E. Clarke, and Mrs. D. F. Carmichael, Minneapolis; Mrs. William Sauntry, Stillwater; Mr. and Mrs. A. J. Soverign, Dr. and Mrs. Allen and Dr. and Mrs. Cameron, the latter a sister of the bride, of Staples; Dr. and Mrs. Furness, Mandan; Miss Kindred, Philadelphia; Mr. Fred Mowers, St. Paul, a brother of the groom. Mr. Guy Bean, Chicago, and Major George Scott, of the Leech Lake reservation.  
The wedding presents were handsome, some very substantial ones being received by the bride.  
Dr. and Mrs. Mowers left on the midnight train for the twin cities. From there they will go to Duluth and make a trip on the lakes east. They will visit all the large cities of the country and will be gone about five weeks. The bride's going away gown was of Irish silk, blue and tan poplin.  
**DAHL'S BODY FOUND**  
Body of Man who was Missing for so Long Near Blackduck Found Buried Near his Claim Shanty  
The body of N. O. Dahl, who together with his daughter, Miss Aagot, disappeared from their claim on section 33, 151, 32, two miles from Quiring post-office, near Blackduck, about April 9, was found yesterday by James Cladwell, a neighbor.  
Dahl's body was found thirty rods from the cabin, buried under the foot of a tree. It is expected that the body of Miss Aagot is buried there also.  
The finder immediately notified the coroner, who together with the sheriff and county attorney, left for the scene of the murder to make further investigation.  
**NOTHING WAS DONE**  
Members of the Brainerd Fire Department Could not Get Together on the Relief Association Question  
There was a general meeting of the Brainerd fire department last night at which time the matter of forming a relief association was taken up. The question was discussed pro and con for hours but nothing was done and an adjournment was taken until next Tuesday night.  
**THE COUNTY POOR FARM**  
Crops at this Institution of the County Are in Excellent Condition.  
A visit to the poor farm is a revelation to any stranger who thinks Crow Wing county has no model farms and it will amply repay any taxpayer to visit the same and see what success can be attained with good land when farmed in a scientific manner.  
The big two and one-half story frame building used as a residence has been newly painted and remodeled and the fences, gates, etc., are in good condition. The big windmill at the entrance to the farm is a good observation point to catch a view of the whole farm with its rolling meadows, fields of barley and oats and other small grains. Haying is now in progress as Supt. McCulloch, seated on a whirling mower, informed The DISPATCH that he expected a good crop and that his barley, oats, hay and potatoes were in fine shape.  
**MUSIC AND DRAMA.**  
GORTON'S MINSTRELS.  
Elegant in stage settings, scenic effects and costuming, the new first part of the performance presented by Gorton's Minstrels this season far surpasses anything ever before presented in the history of minstrelsy. The scene as given represents the broad lawn of the Ponce De Leon hotel, the famous winter resort of Florida. On every side bright hued flowers and sparkling fountains decorate and adorn the landscape. In the background appear the imposing outlines of this famous hostelry, magnificent in structure and gorgeous in decoration. Numerous brilliantly colored electric lights add to the splendor and beauty of this tropical scene. For further embellishment, the members of the company are dressed in the richest and most costly costumes, the vocalists being attired in the elegant satin court costumes of the time of Louis XIV. The end men are resplendent in evening dress suits of cerise satin, the interlocutor appears in a costume of pure white satin, and the orchestra in suits of steel gray.  
The whole picture forms a picturesque and brilliant ensemble, original in conception and pleasing. The company will be at the Brainerd opera house next Monday night, Aug. 1.

**EASILY DECIDED.**  
This Question Should be Answered Easily by Brainerd People.  
Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:  
Phillip O'Neill, gardner, of Fifth street south says: "There was a dull steady ache across my loins especially when I became a little fatigued. When I stooped to lift or set out young plants I felt it acutely. The action of my kidneys were very frequent the secretions being highly colored, unnatural and annoying. This was a new condition for such symptoms had bothered me for years. My attention was attracted to Doan's Kidney Pills and thinking they might help me I procured them. From the time I commenced their use I suffered no further disturbance or annoyance from my kidney complaint, the kidneys gradually assumed a regular action and the backache ceased to bother me. I therefore recommend Doan's Kidney Pills for such ailments and wish them luck."

Nothing Said Regarding the Rumor of a Night Train on the M. & I. Ry.

A special train in charge of Conductor Chet Atherton went north at an early hour this morning and on it were General Manager Gemmell of the M. & I., Assistant Superintendent Newman Kline of the N. P., Assistant General Passenger Agent A. B. Smith of the N. P., General Immigration Agent C. W. Mott of the N. P. and Supt. W. H. Strachn of the M. & I.

It is understood the officials went over the line on a general inspection trip, although it was rumored that they have in mind the proposed new schedule on the road which would give the patrons a night train connecting with the 12 o'clock train here and getting into St. Paul the next morning. The Great Northern has put on such a train from the north country and it is figured that such a train would be a profitable change. The special will return some time tonight.

It adds spice to dreary life, encourages the human heart, lifts out of despair, breathes new life and confidence. That's what Hollister's Rocky Mountain Tea will do. 35 cents Tea or Tablet.

**A BEAUTIFUL JULY WEDDING**

Dr. Saxe W. Mowers and Miss Maude Davis Married Last Night at 9 o'clock

**AT HOME OF BRIDE'S PARENTS**

Bridal Couple Left on an Extended Tour of the Larger Eastern Cities.

The marriage of Dr. Saxe W. Mowers and Miss Maude Davis, youngest daughter of Mr. and Mrs. Walter Davis, occurred last night at 9 o'clock at the apartments of the bride's parents in the Davis building on Front street, and the affair was one of the most beautiful home weddings ever solemnized in Brainerd.

On account of the prominence of this young couple in society and their wide acquaintance in the city the event was of more than casual interest.

The home was most charmingly decorated for the occasion, pink and white being the prevailing colors. Sweet peas were the predominating flowers and these, with clusters of ferns here and there, were effective in giving tone to the pleasant surroundings. The color scheme was minutely carried out, even to the table in the refreshment hall.

The marriage ceremony took place at the north end of the parlors on the second floor in the bay window beneath a perfect bower of ferns and sweet peas.

As the notes of the processional rang out on the evening air Mrs. Cameron, of Staples, singing "Mary of Argyle," the bridal party moved slowly from the reception room at the south end of the building to the north parlor. Six young ladies, beautifully gowned preceded the bridal pair and strung the ribbons between which the party walked. These young ladies were Mrs. Daniel F. Carmichael, Miss Marion Barber, Minneapolis, Miss Corna Stickney, Miss Vera Nevers, Miss Winnifred Smith and Miss Eloise Smith. Immediately following the young ladies came Mrs. Walter Davis, mother of the bride, leaning on the arm of Major George Scott, in full uniform. Then came the groom and the officiating clergyman. They were followed by Miss Edna Stickney, the maid of honor, who looked beautiful in a gown made of pink and white flowered organdie over white silk. She was followed by the bride leaning on the arm of her father. Miss Davis was attired in a gown made of Valenciennes net lace trimmed with point venise over chiffon with taffeta silk linings. She carried a bouquet of bridal roses. A circle was formed at the window and the officiating clergyman, Rev. Richard Brown, read the simple service of the Congregational church. During the ceremony Miss Nellie Alderman played on the piano softly, "Hearts and Flowers."

Following the wedding a reception was held and the guests pressed forward to extend congratulations. The bridal party was assisted in receiving by Mrs. J. N. Nevers and Mrs. F. W. Wieland.

After the congratulations were received part of the guests were ushered into the dining hall on the first floor. Here too the color scheme, pink and white, was carried out. From the ceiling to the four corners of the large table pink satin ribbons were strung and they were fastened at each corner by a dainty pink bow. At the center of the table was a large candelabrum with pink and white tapers and at either side of this were two huge bowls of sweet peas.

In the refreshment room the following ladies presided: Mrs. Henry I. Cohen, Mrs. F. E. Smith, Mrs. N. B. Chase and Mrs. Irma Hartley, assisted by the six young ladies of the bridal party.

One very unique feature was the manner in which the bride's cake was cut. The bride herself with Major Scott's sword cut the cake and she did it gracefully too.

The bride is one of Brainerd's most talented and charming young society ladies. She has lived in Brainerd most of her life, though she has traveled extensively. She is a musician of note and has always taken a prominent part in matters musical in the city.

Dr. S. W. Mowers is assistant chief surgeon of the Northern Pacific Sanitarium in this city, which position he has filled with credit for many years. He is prominent in social and fraternal circles and is one of the most popular men in the northern part of the state.

There were a large number of out of town guests including Mr. and Mrs. A. A. White and daughter, Miss Cecil, of St. Paul; Mrs. H. H. Barber and the Misses Barber, of Minneapolis; Mrs. Frank Otis, St. Paul; Mrs. A. E. Clarke, and Mrs. D. F. Carmichael, Minneapolis; Mrs. William Saunier, Stillwater; Mr. and Mrs. A. J. Soverign, Dr. and Mrs. Allen and Dr. and Mrs. Cameron, the latter a sister of the bride, of Staples; Dr. and Mrs. Furness, Mandan; Miss Kindred, Philadelphia; Mr. Fred Mowers, St. Paul, a brother of the groom; Mr. Guy Bean, Chicago, and Major George Scott, of the Leech Lake reservation.

The wedding presents were handsome,

some very substantial ones being received by the bride.

Dr. and Mrs. Mowers left on the midnight train for the twin cities. From there they will go to Duluth and make a trip on the lakes east. They will visit all the large cities of the country and will be gone about five weeks. The bride's going away gown was of Irish silk, blue and tan poplin.

**DAHL'S BODY FOUND**

Body of Man who was Missing for so Long Near Blackduck Found Buried Near his Claim Shanty

The body of N. O. Dahl, who together with his daughter, Miss Aagot, disappeared from their claim on section 33, 151, 32, two miles from Quiring post-office, near Blackduck, about April 9, was found yesterday by James Cladwell, a neighbor.

Dahl's body was found thirty rods from the cabin, buried under the foot of a tree. It is expected that the body of Miss Aagot is buried there also.

The finder immediately notified the coroner, who together with the sheriff and county attorney, left for the scene of the murder to make further investigation.

**NOTHING WAS DONE**

Members of the Brainerd Fire Department Could not Get Together on the Relief Association Question

There was a general meeting of the Brainerd fire department last night at which time the matter of forming a relief association was taken up. The question was discussed pro and con for hours but nothing was done and an adjournment was taken until next Tuesday night.

**THE COUNTY POOR FARM**

Crops at this Institution of the County Are in Excellent Condition.

A visit to the poor farm is a revelation to any stranger who thinks Crow Wing county has no model farms and it will amply repay any taxpayer to visit the same and see what success can be attained with good land when farmed in a scientific manner.

The big two and one-half story frame building used as a residence has been newly painted and remodeled and the fences, gates, etc., are in good condition. The big windmill at the entrance to the farm is a good observation point to catch a view of the whole farm with its rolling meadows, fields of barley and oats and other small grains. Haying is now in progress as Supt. McCulloch, seated on a whirling mower, informed The DISPATCH that he expected a good crop and that his barley, oats, hay and potatoes were in fine shape.

**MUSIC AND DRAMA.**

GORTON'S MINSTRELS.

Elegant in stage settings, scenic effects and costuming, the new first part of the performance presented by Gorton's Minstrels this season far surpasses anything ever before presented in the history of minstrelsy. The scene as given represents the broad lawn of the Ponce De Leon hotel, the famous winter resort of Florida. On every side bright hued flowers and sparkling fountains decorate and adorn the landscape. In the background appear the imposing outlines of this famous hostelry, magnificent in structure and gorgeous in decoration. Numerous brilliantly colored electric lights add to the splendor and beauty of this tropical scene. For further embellishment, the members of the company are dressed in the richest and most costly costumes, the vocalists being attired in the elegant satin court costumes of the time of Louis XIV. The end men are resplendent in evening dress suits of cerise satin, the interloper appears in a costume of pure white satin, and the orchestra in suits of steel gray.

The whole picture forms a picturesque and brilliant ensemble, original in conception and pleasing. The company will be at the Brainerd opera house next Monday night, Aug. 1.

**EASILY DECIDED.**

This Question Should be Answered Easily by Brainerd People.

Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Phillip O'Neill, gardner, of Fifth street south says: "There was a dull steady ache across my loins especially when I became a little fatigued. When I stooped to lift or set out young plants I felt it acutely. The action of my kidneys were very frequent the secretions being highly colored, unnatural and annoying. This was a new condition for such symptoms had bothered me for years. My attention was attracted to Doan's Kidney Pills and thinking they might help me I procured them. From the time I commenced their use I suffered no further disturbance or annoyance from my kidney complaint, the kidneys gradually assumed a regular action and the backache ceased to bother me. I therefore recommend Doan's Kidney Pills for such ailments and wish them luck."

# 80 PER CENT OF THE ADULT POPULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. FERRIN'S PILE SPECIFIC, "The Internal Remedy." Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Ferrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours,  
T. R. HARRIS,  
Yerington, Nev.

# JOHN J. RYAN ARRESTED.

Noted Race Horse Owner Accused of Larceny.

New York, July 27.—John J. Ryan, a race horse owner, whose horses, Reliable and Moneter, won the first and third races at Brighton Beach Tuesday, was arrested at the Brighton track Tuesday afternoon on a warrant charging him with larceny by means of an alleged get-rich-quick scheme of which it is said he was the head. The amount involved is said to be \$800,000. The warrant for Ryan's arrest was issued in St. Louis and the arrest was made by a New York central office detective, who was accompanied by a St. Louis detective and George Fickelson, assistant to Circuit Attorney Folk of St. Louis.

Ryan took his arrest coolly and induced the detectives to remain with him at the track until the end of the third race, on which he told them he had "a few hundreds placed."

"Why didn't those in St. Louis let me know they wanted me? I'd have gone on," he said.

At police headquarters he gave his age as thirty-nine years and his occupation horse racing. He was taken at once before Supreme Court Justice Amend, in chambers, and bail was fixed at \$5,000. Congressman Timothy D. Sullivan of this city signed the bond.

Detective Killian of St. Louis said that Ryan was indicted by the grand jury after several hundred witnesses had appeared. He declared that there probably would be over 1,000 complaints against Ryan when he comes to trial.

# STATE GETS VALUABLE LAND.

Minnesota Has Title to the Virginia Silver Land.

St. Paul, July 27.—By the terms of a decision received by the state auditor Tuesday, Ethan Allen Hitchcock, secretary of the interior, holds that the state of Minnesota has title to the "Virginia silver," supposed to be one of the most valuable beds of iron on the Mesaba iron range.

In vesting title to the property in the state, Miss Mabel Evans of Princeton, who has the leasehold, becomes the owner of the most valuable undeveloped iron mining property in Minnesota. Unless the courts reverse the secretary Miss Evans is undoubtedly a wealthy woman, and the state will realize for its public institutions fund a half million dollars.

The land is a narrow strip, silver shaped, containing thirty-six and one-half acres, and lies between the Alpena and Sault Ste. Marie, just north of the village of Virginia, in the heart of the Minnesota iron mining country. The "Virginia silver" case is the most celebrated swamp land case in the history of the state and has been in litigation since 1894.

# TEAMSTERS TO QUIT

THOSE WHO DRIVE THE PACKING-HOUSE WAGONS WILL JOIN THE STRIKERS.

# TROUBLE SURE TO FOLLOW

RIOTING EXPECTED TO OCCUR WHEN NONUNION MEN DE-LIVER MEAT.

Chicago, July 27.—The sympathetic strike at the stockyards will be complete today. The belated sanction to the teamsters joining their brother workmen in the general strike was given Tuesday night by the officers of the International Teamsters' Union, and the 700 drivers employed in the Packing industry in Chicago will quit work today. Nearly 100 of these men struck Tuesday of their own volition, refusing to wait for an official order notifying them that the sympathetic strike was endorsed. With the union teamsters out, every union organization represented in the Chicago packing plants will be on strike. The teamsters' organization is considered one of the most important organizations in the present controversy and all along was mainly depended upon to bring success to the strikers. Last Sunday the men at a meeting of their union voted almost unanimously to strike on Monday with the other allied trades unions, but the joint council of teamsters' unions refused to ratify the decision, so there was nothing left for the men to do but remain at work or quit as individuals. The objection to taking the latter course was that if they should do so, they would be without the support of the national union of teamsters. Another meeting of the joint council was held last night, and the desired indorsement of the council was granted. The international officers of the union at Indianapolis at once gave their sanction to the men joining the sympathetic strike.

# Rioting Almost Sure to Occur.

The greater portion of the fresh meats disposed of to the local trade is hauled in wagons to the downtown district by these teamsters. With the men on strike and nonunion men in their places, rioting is almost sure to follow and a duplication of the riots which took place in 1902 during the packhouse teamsters' strike are looked for as soon as the packers attempt to deliver their product with nonunion help.

Riots by the unionists and their friends in the stockyard district last night resulted in the shooting of one man and the beating of another into insensibility, while a third was severely cut and bruised. This is believed by the police to be but a foretaste of what is to come now that the teamsters have joined issues with the other union workmen.

Only a very little, if any, advantage was gained by either side in the stockyards strike Tuesday and there is no hope just now of any immediate settlement of the difficulty. Realizing that they have one of the hardest propositions to contend with in the history of the packing industry, the packers are leaving nothing undone to gain the upper hand in the struggle with their 30,000 striking employees. All day long workmen from outside points were rushed to Chicago and taken to the stockyards under police protection to fill the places of the strikers. Last night it was announced by the packers that 7,000 new men were now installed in the different plants at the stockyards.

With these men and with the new arrivals that are expected each day, the packers expect to get their affairs in such shape that the strikers will be compelled to seek a truce in the hostilities and seek a peaceable settlement at the dictation of the employers.

# Live Stock Receipts Small.

Although the receipts of live stock Tuesday were small compared with receipts on corresponding days under normal conditions, still many cattle, hogs and sheep were left in the pens at night unsold.

With all the union workmen out on strike with the exception of the packinghouse teamsters, the only additions Tuesday to the ranks of the strikers were about 100 teamsters who quit work as individuals, preferring to do this rather than wait for an official order to walk out, and the waitresses in the restaurants at the stockyards controlled by the packing companies.

Rumors of renewed efforts to settle the difficulty by arbitration were thick Tuesday, but upon investigation they were found to be without foundation. When questioned regarding the situation, J. Donnelly, president of the butchers' union, the organization which precipitated the original strike, said:

"I have no hope of an immediate settlement. The fight is on and the only thing we can do now is to stick to the end."

The union livestock handlers have decided to return to work at the stockyards in sufficient numbers to handle all livestock bought by the independent packers.

Some trouble occurred at St. Joseph, Mo., but all is quiet at South St. Paul and Kansas City.

# WANTS MILITIA CALLED OUT.

Packing Plant Manager Makes Request for Iowa Troops.

Sioux City, Ia., July 27.—Serious disturbances in the stockyards district Tuesday led William Watson, manager of the Cudahy plant, to call upon Sheriff Jackson for militia to preserve order and prevent the destruction of meat products sent out from the Cudahy packinghouses. Two arrests were made Tuesday. The engineers and firemen employed at the Cudahy plant, numbering about thirty men quit Tuesday morning on orders from Chicago.

# PENDING AN INVESTIGATION.

First National Bank of Grinnell, Ia., Closed Down.

Grinnell, Ia., July 27.—The First National bank of Grinnell, whose leading director, H. C. Spencer, and Cashier, W. C. Spencer, father and son, were mysteriously drowned here last week, has closed its doors pending an investigation by national bank examiners. It is known that there is a shortage due to the Spencers, but its amount will not be known until the examiner reports. The drowning of the Spencers, who were good swimmers, is a mystery which is still unexplained.

# SHERIFF TO TAKE CHARGE.

South Omaha Police Unable to Patrol Enough Territory.

Omaha, July 27.—The board of fire and police commissioners of South Omaha decided Tuesday that they were unable to longer afford ample police protection to the packhouse interests and asked Sheriff Power to meet them in conference with a view to securing assistance from the county. As a result of this conference the sheriff will swear in a large number of men and take charge of the policing of the strike district of South Omaha.

This action, it is stated, is not taken because of any unusual violence on the part of the strikers, but because the police department of South Omaha, in its organization, does not anticipate the patrolling of so large a district, and that the city is not in a position to enlarge the force sufficiently to meet the emergency. A large number of strike breakers were taken into the packing plants Tuesday.

# ADMIRAL TAYLOR DEAD.

# BODY OF N. O. DAHL FOUND.

Remains of Missing Crookston (Minn.) Merchant Located.

Remidji, Minn., July 27.—The body of N. O. Dahl, who, together with his daughter, Miss Agot, disappeared from their claim, two miles from Quilting postoffice, this county, about April 8, was found Tuesday by James Caldwell, a neighbor. The body was found thirty rods from the cabin, buried under a tree. It is believed that the body of Miss Agot is buried there also, the finder making no further search, but immediately notified the coroner, who, with the sheriff and county attorney, left for the scene of the double murder to make further investigation.

Dahl was a former wealthy Crookston merchant, while the daughter was a popular Polk county teacher, who came to this section a year ago and filed on a very valuable timber claim north of Blackduck. It is thought they were murdered for their money.

# 80 PER CENT OF THE ADULT POPULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. PERRIN'S PILE SPECIFIC, The Internal Remedy. Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Perrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours,  
T. R. HARRIS,  
Yerington, Nev.

Dr. Perrin's Pile Specific is sold by all reliable druggists at \$1.00 the bottle, under an absolute guarantee to refund the money should this great internal remedy fail to cure.

# JOHN J. RYAN ARRESTED.

Noted Race Horse Owner Accused of Larceny.  
New York, July 27.—John J. Ryan, a race horse owner, whose horses, Reliable and Moneter, won the first and third races at Brighton Beach Tuesday, was arrested at the Brighton track Tuesday afternoon on a warrant charging him with larceny by means of an alleged get-rich-quick scheme of which it is said he was the head. The amount involved is said to be \$800,000. The warrant for Ryan's arrest was issued in St. Louis and the arrest was made by a New York central office detective, who was accompanied by a St. Louis detective and George Fickelson, assistant to Circuit Attorney Folk of St. Louis.

Ryan took his arrest coolly and induced the detectives to remain with him at the track until the end of the third race, on which he told them he had "a few hundreds placed."

"Why didn't those in St. Louis let me know they wanted me? I'd have gone on," he said.

At police headquarters he gave his age as thirty-nine years and his occupation horse racing. He was taken to an office before Supreme Court Justice Amend, in chambers, and bail was fixed at \$5,000. Congressman Timothy D. Sullivan of this city signed the bond.

Detective Killian of St. Louis said that Ryan was indicted by the grand jury after several hundred witnesses had appeared. He declared that there probably would be over 1,000 complaints against Ryan when he comes to trial.

# STATE GETS VALUABLE LAND.

Minnesota Has Title to the Virginia Silver Land.  
St. Paul, July 27.—By the terms of a decision received by the state auditor Tuesday, Ethan Allen Hitchcock, secretary of the interior, holds that the state of Minnesota has title to the "Virginia silver," supposed to be one of the most valuable beds of iron on the Mesaba iron range.

In vesting title to the property in the state, Miss Mabel Evans of Princeton, who has the leasehold, becomes the owner of the most valuable undeveloped iron mining property in Minnesota. Unless the courts reverse the secretary Miss Evans is undoubtedly a wealthy woman, and the state will realize for its public institutions fund a half million dollars.

The land is a narrow strip, silver shaped, containing thirty-six and one-half acres, and lies between the Alpena and Saunty mines, just north of the village of Virginia, in the heart of the Minnesota iron mining country. The "Virginia silver" case is the most celebrated swamp land case in the history of the state and has been in litigation since 1894.

# DUEL TO THE DEATH.

Corpse of James Bowe Found Near St. Paul.

St. Paul, July 27.—The body of James Bowe was found near Como park by a workman Tuesday morning. Three stab wounds were on the breast, one of which caused death. The police are looking for James Phillips, who was a fellow workman of Bowe, and they are supposed to have fought a duel to the death with knives while intoxicated and going to the farm of Matt Williams, where they worked.

# HEAVY LOSS BY FIRE.

More Than a Million Dollars' Worth of War Munitions Burned.

St. Petersburg, July 27.—Fire Tuesday destroyed the largest electric cable wire factory in St. Petersburg, with the loss of about \$1,250,000.

A large quantity of cables and wires for the torpedoes and mines intended for the Baltic squadron was destroyed.

# TEAMSTERS TO QUIT

THOSE WHO DRIVE THE PACKING-HOUSE WAGONS WILL JOIN THE STRIKERS.

# TROUBLE SURE TO FOLLOW

RIOTING EXPECTED TO OCCUR

WHEN NONUNION MEN DE-

LIVER MEAT.

Chicago, July 27.—The sympathetic strike at the stockyards will be complete today. The belated sanction to the teamsters joining their brother workmen in the general strike was given Tuesday night by the officers of the International Teamsters' Union, and the 700 drivers employed in the Packing industry in Chicago will quit work today. Nearly 150 of these men struck Tuesday of their own volition, refusing to wait for an official order notifying them that the sympathetic strike was endorsed. With the union teamsters out, every union organization represented in the Chicago packing plants will be on strike. The teamsters' organization is considered one of the most important organizations in the present controversy and all along was mainly depended upon to bring success to the strikers. Last Sunday the men at a meeting of their union voted almost unanimously to strike on Monday with the other allied trades union, but the joint council of teamsters' unions refused to ratify the decision, so there was nothing left for the men to do but remain at work or quit as individuals. The objection to taking the latter course was that if they should do so, they would be without the support of the national union of teamsters. Another meeting of the joint council was held last night, and the desired indorsement of the council was granted. The international officers of the union at Indianapolis at once gave their sanction to the men joining the sympathetic strike.

# Rioting Almost Sure to Occur.

The greater portion of the fresh meats disposed of to the local trade is hauled in wagons to the downtown district by these teamsters. With the men on strike and nonunion men in their places, rioting is almost sure to follow and a duplication of the riots which took place in 1902 during the packinghouse teamsters' strike are looked for as soon as the packers attempt to deliver their product with nonunion help.

Riots by the unionists and their friends in the stockyard district last night resulted in the shooting of one man and the beating of another into insensibility, while a third was severely cut and bruised. This is believed by the police to be but a foretaste of what is to come now that the teamsters have joined issues with the other union workmen.

Only a very little, if any, advantage was gained by either side in the stockyards strike Tuesday and there is no hope just now of any immediate settlement of the difficulty. Realizing that they have one of the hardest propositions to contend with in the history of the packing industry, the packers are leaving nothing undone to gain the upper hand in the struggle with their 30,000 striking employees. All day long workmen from outside points were rushed to Chicago and taken to the stockyards under police protection to fill the places of the strikers. Last night it was announced by the packers that 7,000 new men were now installed in the different plants at the stockyards.

With these men and with the new arrivals that are expected each day the packers expect to get their affairs in such shape that the strikers will be compelled to seek a truce in the hostilities and seek a peaceable settlement at the dictation of the employers.

# Live Stock Receipts Small.

Although the receipts of live stock Tuesday were small compared with receipts on corresponding days under normal conditions, still many cattle, hogs and sheep were left in the pens at night unsold.

With all the union workmen out on strike with the exception of the packinghouse teamsters, the only additions Tuesday to the ranks of the strikers were about 100 teamsters who quit work as individuals, preferring to do this rather than wait for an official order to walk out, and the waitresses in the restaurants at the stockyards controlled by the packing companies.

Rumors of renewed efforts to settle the difficulty by arbitration were thick Tuesday, but upon investigation they were found to be without foundation. When questioned regarding the situation, J. Donnelly, president of the butchers' union, the organization which precipitated the original strike, said:

"I have no hope of an immediate settlement. The fight is on and the only thing we can do now is to stick to the end."

The union livestock handlers have decided to return to work at the stockyards in sufficient numbers to handle all livestock bought by the independent packers.

Some trouble occurred at St. Joseph, Mo., but all is quiet at South St. Paul and Kansas City.

# WANTS MILITIA CALLED OUT.

Packing Plant Manager Makes Request for Iowa Troops.

Sioux City, Ia., July 27.—Serious disturbances in the stockyards district Tuesday led William Watson, manager of the Cudahy plant, to call upon Sheriff Jackson for militia to preserve order and prevent the destruction of meat products sent out from the Cudahy packinghouses. Two arrests were made Tuesday. The engineers and firemen employed at the Cudahy plant, numbering about thirty men quit Tuesday morning on orders from Chicago.

# PENDING AN INVESTIGATION.

First National Bank of Grinnell, Ia., Closed Down.

Grinnell, Ia., July 27.—The First National bank of Grinnell, whose leading director, H. C. Spencer, and Cashier W. C. Spencer, father and son, were mysteriously drowned here last week, has closed its doors pending an investigation by national bank examiners. It is known that there is a shortage due to the Spencers, but its amount will not be known until the examiner reports. The drowning of the Spencers, who were good swimmers, is a mystery which is still unexplained.

# SANGERFEST AT MILWAUKEE.

Music Lovers of the Northwest Will Meet There This Week.

Milwaukee, July 27.—The big biennial Sangerfest of the Northwestern Sangerbund will occupy the attention of music lovers in this city and throughout the Northwest on Thursday, Friday and Saturday. # SHERIFF TO TAKE CHARGE.

South Omaha Police Unable to Patrol Enough Territory.

Omaha, July 27.—The board of fire and police commissioners of South Omaha decided Tuesday that they were unable to longer afford ample police protection to the packhouse interests and asked Sheriff Power to meet them in conference with a view to securing assistance from the county. As a result of this conference the sheriff will swear in a large number of men and take charge of the policing of the strike district of South Omaha.

This action, it is stated, is not taken because of any unusual violence on the part of the strikers, but because the police department of South Omaha, in its organization, does not anticipate the patrolling of so large a district, and that the city is not in a position to enlarge the force sufficiently to meet the emergency. A large number of strike breakers were taken into the packing plants Tuesday.

# ADMIRAL TAYLOR DEAD.

United States Naval Officer Dies in Canada.

Sudbury, Ont., July 27.—Rear Admiral H. Clay Taylor of the United States navy, who commanded the Indiana at the battle of Santiago, died at Copper Cliff general hospital at 8:15 Tuesday night of peritonitis. Admiral Taylor came here on July 16 to visit his son, Roger Taylor.

# BODY OF N. O. DAHL FOUND.

Remains of Missing Crookston (Minn.) Merchant Located.

Bemidji, Minn., July 27.—The body of N. O. Dahl, who, together with his daughter, Miss Agot, disappeared from their claim, two miles from Quirling postoffice, this county, about April 9, was found Tuesday by James Caldwell, a neighbor. The body was found thirty rods from the cabin, buried under a tree. It is believed that the body of Miss Agot is buried there also, the finder making no further search, but immediately notified the coroner, who, with the sheriff and county attorney, left for the scene of the double murder to make further investigation.

Dahl was a former wealthy Crookston merchant while the daughter was a popular Polk county teacher, who came to this section a year ago and filed on a very valuable timber claim north of Blackduck. It is thought they were murdered for their money.

# FIFTY BULGARIANS KILLED.

Turks Surprise and Wipe Out a Band Near Kumanova.

Salonica, European Turkey, July 27.—On Sunday last a detachment of troops near Kumanova surprised a Bulgarian band of fifty-two men who were setting fire to the granaries. The band was destroyed, only two of the men escaping.
